we offer to the American public s new and valuable remedy for the above-men doned diseases, Fowler's Compound Extract is composed of the best medicines known to Materia Medica. It is perfectly pure in all its ingredients, being composed of several well-known articles universally combination-supplies what experience has shown to be wanting when singly employed; but the result of patient investigaon, requiring time, labor and skill, so as to give the public a genuine article, which they can rely upon, and in place of the worthless and dangerous Patent Medicines flooding the country; and therefore enables us to warrant Fowler's Compound Extract to be the most ever discovered.

SCROFULA. This Compound is a never-failing cure for his terrible disease. How many diseases

have their sent in the blood-diseases which ave been treated valuey for years. If the blood alone is purified, in most cases health and happiness will soon return. Dr. Fow-ler's Compound sols especially upon the virus in the blood, causing in time the dis-appearance of the hide us sores, and restor-ing the skin to a neathful appearance, the eye clear and sparkling, and the whole hu-man organization becomes healthy.

To all so afflicted we can truly sy this remedy will help you. Two articles and, by experience, to be peculiarly effica-tous for this disease, are contained in this compound. We saik you to try by. Fowler's compound Extract, and, by giving it a fair rial, it will core you. Compound Extract, and, by giving it a fair trial, it will care you.

We speak with much confidence of Dr. Fowler's Compound, because we know what it is composed of, end what it will do. We know Dr. Fowler well, who is a physician of known repute, standing second to none in the country, of long experience, an honorable man, who, having a raputation for character, as well as ourselves, would never allow a medicine to go before the public without merit. And we say of this compound, if taken according to directions, after a fair trial, it will do all we cisim for it.

We offer it as a new discovery, which it certainly is—a genuine article for Scrofnin, Syphills and all blood importities; and knowing the genuineness of it, as such we send it forth, saying, "Go, Heai the Suffering!"
